OF HARMONY

New showhome-opening Calgary's most exciting new collection of front-attached garage showhomes," says McLaws. "Mahogany is Calgary's best-selling new community, with the city's largest lake, 74 acres of wetlands, shopping, restaurants, playgrounds and more. It's tough to find a community that checks all the boxes at an affordable price, but with Mahogany, home buyers really can have it all."

The new front-attached drive homes include brand new models, spacious floorplans, designer details and newly released lots, says McLaws.

"Our new phase release is an exciting one because we're

offering fantastic lots with south and west exposures, pie lots and greenspace-oriented lots, all walking distance to Mahogany's main beach," she says. "In addition to the lake, homeowners will be within minutes of the Mahogany wetlands, parks and a school that's slated to open in fall of 2018.

"This new showhome parade offers functional floorplans by Calgary's favourite new home builders. Hopewell, Excel and Jayman are awardwinning builders that offer thoughtful designs, upscale finishings and competitive prices."

ensuites, tech rooms, entertainment rooms, optional basement development, designer kitchens and more, says McLaws.

"Each home will offer a oneof-a-kind look, but one thing all of the homes have in common is their dedicated focus on long-term value, comfort and function," she says. "Bustling with activity, Mahogany is already home to residents who appreciate its newly open

Village Market, two welcoming beaches, 22,000-squarefoot Beach Club and four-season active lifestyle."
