

Real HOMES & CONDOS

Secord Chalet wants you to be happy

Secord Chalet townhomes by Hopewell Residential are sure to suit your tastes, your lifestyle and your budget.

In fact, these coveted west-side townhomes have recently released three exciting new three-bedroom floorplan options, each of which is cleverly designed to maximize space and add lasting value and appeal.

"All of our Secord Chalet townhomes are all so cleverly designed, with the functional living spaces today's homeowners need, along with the stylish fit and finish they want," says Hopewell's marketing manager Nicole McLaws.

"Our A Plan, E Plan and L Plan also benefit from fantastic new three-bedroom options, which is great news if you're seeking an affordable, well-planned, welcoming home for your family," she adds.

Secord Chalet's townhomes are priced from the attainable \$290,000s, and are conveniently located in the established community of Secord, just moments from parks, schools, green-space and more.

Adding appeal is the brand new Market at Lewis Estates, which has opened minutes from Secord Chalet's doorsteps.

"This is great news for residents, as there's a Save-On-Foods now open, plus so much more to come, including a Mac's convenience store, a Panago and more," McLaws says.

With careful attention to design and liveability, plus an unbeatable location, McLaws says Secord Chalet is a natural choice for townhome buyers.

"At Secord Chalet, it's all about you," she says. "We customize a townhome to your personal tastes and lifestyle, with so many options to choose from, plus incredible standard features like nine-foot ceilings, oversized windows, window blinds, and stainless steel appliances."

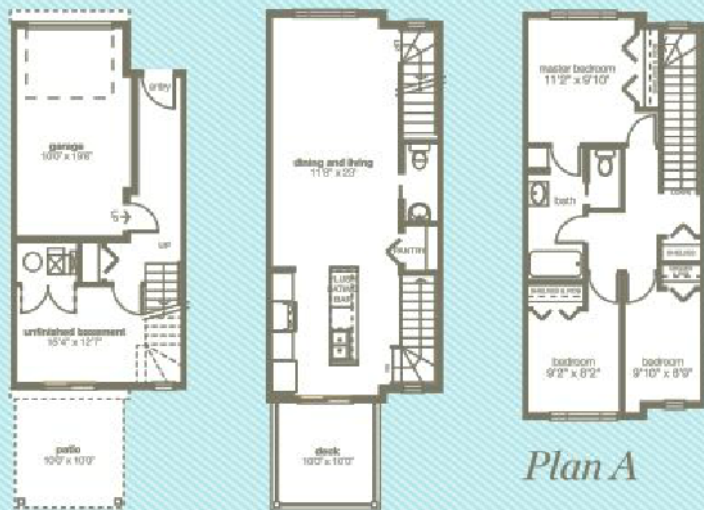

Floorplans range from 1,236 to 1,402 sq. ft. in size, and come with garages, decks and a welcoming shared green-space.

For details, visit the show homes at Secord Blvd. and 217 St. or call 780-757-4388. Visit www.secordchalet.com for maps and more information.
