

Our Response to COVID-19

INFORMATION FOR ALL HOPEWELL HOMEOWNERS

For 30 years, Hopewell has been committed to the health, safety and well-being of our home buyers, trade partners and employees. While we closely monitor the status of COVID-19, we recognize that this is a time of uncertainty for many. Despite this uncertainty, we continue to stand by our vision of creating the spaces and places where people love to live and to do our part in contributing to flattening the curve of the COVID-19 virus while maintaining an operating business.

During this time, we've been required to adjust our protocol to put the health and safety of our homeowners, trade partners and Hopewell employees first. Some of our homeowners might be slightly impacted by this change in protocol, depending on which stage of homeownership you are in - **please read the below thoroughly to understand how these changes might impact you:**
