FAMILY-FRIENDLY EVORA BOTH MODERN AND SPACIOUS

Hopewell Residential show home located on east side of Mahogany

CLAIRE YOUNG

There are large master bedrooms. There are small master bedrooms. The one in Hopewell Residential's Evora show home, on display on the east side of Mahogany, feels just right.

What makes it just-so com-
fort-wise is a wall that separates
a stretch of closets on one side
from the main room. It provides
a wall for the bed's headboard to
back against, while giving access
on both sides to what becomes a
dressing area. The three double
closets provide more storage space
than a walk-in closet, and the area
likewise doesn't suffer from poor

lighting, given the natural light
from the bedroom's windows. The
dressing area also serves as a
hallway to the master ensuite,
which features a dual sink vanity,
a soaker tub and a large stand-alone
shower.

The Evora, part of Hopewell
Residential's Essential Collection,
is a 2,278-square-foot home with
three bedrooms. The two-storey
home has a front-attached double
garage. Other plans in this collec-
tion offer a triple-car tandem gar-
age.

The Evora's two secondary
rooms, located at the back of the
home in their own "wing," are
also spacious, and offer thought-

ful amounts of storage.

They share a short L-shaped hall
that leads to the three-piece main
bathroom, the laundry room and
a linen closet.

The centrally located bonus
room has the added stylish touch
of a tray ceiling.

The main floor is open, spacious
and modern. Wide plank flooring
in weathered brown and grey pro-
vides a warm counterpoint to the
all-white kitchen anchoring the
back of the main living space. The
flat white cabinetry with white
subway tile backsplash and white
quartz counters frame stainless
steel appliances, including a
chimney hood fan above the gas
range. The wall oven and micro-
wave are set in the corner of the
kitchen, next to the walk-through
pantry.
