# Hopewell Residential introduces **new front-garage home**

Affordability, style and location combine for a one-of-a-kind opportunity for new home buyers

A double-front attached garage, three bedrooms, 2.5 bathrooms and plenty of well-planned living space are hallmarks of Hopewell Residential's newest home model, the Orion.

But what makes this home a real star is its "amazingly affordable price," according to Hopewell marketing manager Nicole McLaws.

"The Orion starts in the affordable \$370s, and is available in three of Edmonton's best new communities, including Secord, Hawks Ridge and McConachie," McLaws said.

"This home is truly all about incredible value, without compromising the style, convenience and comfort that new home buyers need."

The Orion offers 1,477

sq. ft. of family-sized living, with an L-shaped kitchen with plenty of prep space, functional eating bar and walk-in pantry; a spacious master retreat with walk-in closet and additional second closet; dual sinks in the master ensuite; and convenient upper floor laundry.

All of this is combined with a 19-foot by 24-foot double-front-attached garage.

"This home brings new meaning to 'affordable style,'" McLaws said. "You'll get all the living space, style and features you need for an unbelievably affordable price – all in the city's best new communities."

In Hopewell's Secord, residents will love the established parks, ponds and pathways, along with nearby

shopping and a new school opening this fall.

In Hawks Ridge, nature takes top billing with beautiful trees and paths, along with eye-catching architecture. And in McConachie, homeowners will be near all the amenities and shopping they need – just moments from major transportation routes.

"Our communities only add to the appeal of our well-planned new homes," McLaws said. "At Hopewell, we know we have the floorplan, community and price point to fit your lifestyle."

Hopewell Residential has 15 show homes now open. To see the Orion, or any of Hopewell's other floorplans, visit their website at [www.hopewellresidential.com](http://www.hopewellresidential.com).
