Raising funds for children

JENNIFER ANSELMO
Edmonton Sun

On Tuesday, Sabal Homes, along with trades and business partners, raised \$9,000 for the Stollery Children's Hospital through the builder's sixth annual golf tournament.

The day's events were full of fun, long drives, water-logged golf balls and various on-the-spot team competitions. Teams capped off the evening with a silent auction, with all money raised being donated to children in need.

"The funds raised from the 2013 tournament will be directed to dedicated specialized equipment, sub-spe-

cialty medical education, and support research that will pave the way to the discovery of new treatments or cures for child health issues," said Nicole McLaws, marketing manager for Sabal Homes. "In addition, these donations will fund specialized programs that improve patient and family outcomes at the Stollery Children's Hospital."

"We have partnered with the Stollery in the past, and we appreciate their commitment and dedication to enhancing the lives of children and their families. At Sabal Homes, we're all about helping families build their best lives, and of course, health and well-

ness is paramount for all of our homeowners, and for the greater Edmonton community, as well."

McLaws says that Sabal Homes is fortunate to have generous staff and partners in business, who all pitched in to donate, and the home-builder is happy to be part of the community.

"We've been embraced by the City of Edmonton and by our valued homeowners within the city, and we feel it's important to show our support and appreciation by giving back to the communities in which we build."
